Council of Agricultural Research (ICAR), the State etc. is continuously enhancing the financial aid to the Rajasthan University of Veterinary and Animal Sciences, Bikaner but the funds received from these as well as other funding agencies are not sufficient to conduct research and development to meet the challenges that are ever emerging in the State. Continuous efforts are being made by the University to enhance its resources through new projects as well as generating more income from various means at its disposal to meet out the financial requirement of the University at its own. For this purpose, the Board has decided to create a corpus fund to be termed as the Rajuvas Endowment Fund for which efforts will be made to get financial aid from Faculty/ Alumni of the University/ Philanthropists/ Indian Companies and other agencies/ institutions/ individuals who are willing to serve the cause the University and are willing to provide aid in the shape of donations/ contributors etc.

2. The financial aid being received through various sources falls far short of the requirement. Under such circumstances, the University should make earnest efforts to raise additional funds to meet its objectives. The donations/ contributions so received will be invested and/ or utilized on the wisdom of the Fund Management Committee (FMC) on Research, Teaching and Extension education or any such purpose falling within the purview of the interest of the University, its staff, students and public at large.
